CLARKSVILLE VOTED DRY.

Out by a Majority of 254 Votes.

Attended an Election in That City.

Clarksville, Tenn., Feb, 26.—The election held here to-day to decide whether or not the saloons shall be abolished, resulted in a victory for the anti-saloon people by a majority of 254 votes. The vote was heavy and such an election was never before seen in the city. Early in the morning 2,000 men, women and children paraded the streets, swaving banners and singing inspiring songs. Prayer-meetings were held in rooms near the polling places, the church hells rang and the most intense interest was manifested. The most prominent citizens took part in the fight against the saloons. The total vote was: Drys, 811, wets, 557.

The election passed off very quiet-ly, meaning the saloons of the control of the co

The workers had wonderful effect

The workers had wonderful effect, and many men were moved to tears as the hundreds of little children passed along the streets singing and cheering for temperance. A tent was erected on the Public Square near the polling place, and coffee and sandwiches were served to all voters, both white and colored, during the entire day. At the court house lunch was also served.

Sheriff Johns, of Nashville, made two speeches to large crowds in the interest of temperance, and did great work. The saloon men were very active, however, and succeeded in the city. Both sides had challengers at the polis, and many votes were thrown out. Prominent men and women worked faithfully at the polis all day, and prayers were offered for the success of the case in the courthouse, were hundreds of ladies had assembled.

PEMBROKE'S NEW SCHEME

The Saloons Were Knocked Will Build a \$20,000 Hotel and a Huge Lake.

AN EXCITING ELECTION. WE HAVE A CHANCE.

Scenes Such as Never Before Buy a Lot and Have a Summer Home of Your Own.

The business and enterprise of the citizens of our near neighbor, Pembroke, have almost become a proverb No place anywhere has more pluck and get-up to the square inch than Pembroke. The people have the faculty of knowing a good thing when they see it, and the means and nerve of jumping in with both feet and getting out of it all that is to be had.

and getting out or it airthat is to be had.

During the past few months a company has been organized to build a large summer hotel at Salubria Springs, just one mile this side of Pembroke. The company now owns all the land around the famous springs and had their property surveyed and divided into building lots, which they have put upon the market, and enough lots have already been sold to justify the company in erecting a handsome hotel of forty rooms.

The lots surrounding the land on which the hotel is to be built have been put at the unusually low rate of \$75 each, and each purchaser, when he receives his deed, will be when he receives his deed, will be given one share (\$25) of the pre-ferred stock of the hotel building. No one can ask a fairer deal than this. The object of the company in putting the price so extremely low is to induce people, wherever they may be, to become joint owners of the hotel, and being thus interested, will use their influence to whose Se. will use their influence to make lubria Springs a famous watering

lubria Springs a famous watering place.

As to the quantity of water available, we are authorized to say that the flow of water is more than sufficient to supply 5,000 people a day with all they might desire to use. There are about 50 springs, all of more or less value as to medicinal qualities. The company has planned to construct a lake 1,000 feet long and 300 feet wide. The location of the hotel will be in a beautiful grove of forest trees. The ground is almost as level as a floor, is only eight miles from Hopkinsville, and it will be a pleasant drive over a pike from this city. In fact, it is not an inch too far from us for a park, and it is most probable that

Freak Bills.

The Kentucky legislature is not the only one in which "freak bills" are offered, though it gets its full quota. Here are some that are regarded as prize winners:

In Kansas a bill was passed changing the name of George Denolf to George Bell, but failing to change the name of Mrs. Denolf. Now there is trouble in that family.

In Missouri, in addition to the bill to tax bachelors, bills have been incroduced to prevent tipping, to regulate spend thrifts, to prevent on the prevent down the realing along, to prevent boys from playing ball on yacant lots and to compel farmers to cut all the morning glory vines and cockle bur plants on their farms. TO OUR CUSTOMERS:

On March 1st we will adopt a McCaikey Account Register System for keeping our accounts. While this system is new to us, it has been in successful operation for a number of years among the leading merchants of the country who are unanimous in their endorsement of its application to the retail credit business. This new system will give you an itimized bill with every purchase, as well as the total amount at the time of that purchase, which you will readily see precludes the possibility of any difference between you and us, as to the condition of your account at our store, as we will have no record here at the store which you do not have an exact copy of at your home, as all charges will be made in duplicate.

To secure your hearty co-operation in operating this system, we will furnish you a ministure register for your home in the shape of a slip holder especially devised to hold these slips, which under this system, means so much to you. You will kindly request of us that this holder be delivered to you when the first purchase is made at our atore after the system has been installed. We beg to assure you that the fact of your total indebtedness to us appearing on each slip has no personal application to you or to any other customer, but is merely a part of the successful operation of this new yestem.

We thank you for past favors and hope by careful attention to your wants and by atteir difference to be each slip has researched.

We thank you for past favors and hope by careful attention to your wants and by strict adherance to honorable business methods, to merit an increasing continuance of your trade.

Yours truly,

One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the approval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more calabrate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter anme of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. Was Subject of Powerful Sermon Last Tuesday Night.

GREAT INTEREST.

Two Services Arranged for at the Tabernacle Next

The sermon of Evangelist Birchiat
the First Preshyterian church
Taesday night was one of the most
searching and earnest that he has
yet delivered. He took for his text
the 24th verse of the 8th chapter of
John: "If ye believe not that I am
he, ye shall die in your sins."
The preacher began his sermon by
a strong state, on a class of persons

been the peacher began his sermon by a strong attack on a class of persons who are going about trying to convince the world that there is no such thing as sin. Taking the world off off or instruction he said that he did not have to go to an old woman off. Boston, or anywhere else, for enlightenment on this great question. He takes the world of the Master on on that point; and while men and women everywhere are guilty of some severet sin—in the church and some severet sin—in the church and eut of it—some day "their sin will find them out." He said that if God were to lift the lid off of Hopkinsville it would be seen to be as foul and rotten as hell, the said that the great fault of the church and people to-day is that they are smiling at sin—they call the sain of drunkenness, debauchery, impurity, etc., "a habit," and "some and say they will reform." They are sins, and be sure, your sins will floy ou cut. He then spoke of the will off the mind harboring sin, the sins of drunkenness, debauchery, impurity, etc., "a habit," and "some as fone server and a sone several man and support to the surface of the cornet would please those who hear him pracet, but of the mind harboring sin, the sins of mission and commission, the indwelling sin, presumptuous sin, and so on, proving conclusively that the assertions of a certain class that

The sermon throughout was de-livered in intense earnestness and the large audience, apparently, caught every word that fell from the lips of the preacher. Though every one seemed to be under the influence of the hour for some reason, known only to Mr. Birch, there was no call made for an ex-pression from those out of the church who are considering their soul's salvation.

Another meeting for men only has been arranged for at the Tabernacle next Sunday afternoon at 2:30. Most of the pastors h eard from, if not all ef them, have signified their desire to omit their services Sunday night and join in a union service at the Tabernacle.

Always keep a bottle of I. W. HARPER whiskey in sight. Good look at and good to taste; and what's more a benefit to your health. Sold by W. R. Long, Hopkinsville, Ky. Home made Chocolate 20c pound at P. J. Breslin's No. 9. S. Main. TWO-FOOT heards.

Notwithstanding unfavorable weather every service has had a capacity house, with the exception of the first, which was on general praving. Telegraphy er meeting night.

How different it is now from what it was ten or more years back. Then every denomination seemed to think it was 'Ir.' and they didn't affiliate with each other during revivals. What a beautiful spirit to see the ministers and their people taking part in all evangelistic efforts, as they do to-day! People of different denominations have expressed their intention to do all they can in personal work during the services.

Mr. Birch, by request, will play as a cornet solo, Sunday night at the Tabernacle, "Nearer, My God, to Thee" This is considered his best

It is pretty well settled that all the night meetings will be held at the Tabernacle until the close of the services beginning Sunday night.

Mr. Birch will use his cornet more at the Tabernacle than he has at the church, as the size of the room better admits it.

Services began at 7:15 last night and closed at 8:30 to give all a chance who desired to go to the entertain. ent at the Tabernacle.

AMUSEMENTS.

Those who are fond of dramatic situations and thrilling climaxes will be furnished a treat when the "James Boys in Missouri" is put on here Boys in Missouri" is put on here friday night, March 1. This production is said to be the most vivid of the kind ever put on the stage. The company is large and brings that will save your with it a magnificent and complete setting for every act. Beports from the clites where the play has been declare it to be the best thing of its kind seen this year.

Prices for the engagement here will be as follows: Lower floor 50c, balcony, Sc and 35c.

there is no sin in the world are mere fallacies and altogether undeserving the thought of sensible people. He held up Christ as the great remedy for sin and the duty of members of the church to aid those who are indulging in worldliness, and that the man who most needs the sympathy of God's people is the man who is guilty of the sin of drunkeness. It is no wonder that a few preachers and a handful of consecrated members of the church can do so little for God when there is so much sin in the world.
